

INT. PAUL'S APARTMENT

Paul is smoking as he hear his name being called from outside his apartment. He stands up and walks to the window and looks outside. He sees Huloo and Marco stands by their bicycle, smoking.

HULOO

Come on Paul, you are late. We have been waiting for ten minutes already.

Paul turns his head to the clock on his bedside table. It reads 14:10.

PAUL

My bad, give me one second.

Paul drags the last draw from his cigarettes and put it away. He closes the OLD BROWN BOX on his table then he opens his wardrobe and put the box on the highest shelf then cover it with his clothes. Then he lock the wardrobe and put the KEY inside his drawer. He put on his shoes and leave the room.

CONT. EXT OUTSIDE PAUL'S APARTMENT

Paul walks out from the apartment entrance with his bicycle.

PAUL

Sorry guys, i didn't know it was time already.

HULOO

By the way, this guy Chiang really will not come with us because of a dream his wife had?

PAUL

Yeah, but I get it. I didn't expect too much on Chiang at first. The boat race is quite something for a woman like Mrs. Chiang to understand anyway.

MARCO

That's true.

Huloo shrinks his eyebrow while looking at Marco and draw his cigarette. Then he throw the cigarette butt away with a lot of power to the ground while biting his lips then step his foot on it and twist hard.
